To help the government fight the funding of terrorism and money laundering activities, federal law may require us to obtain, verify, and record information that identifies each person who conducts a transaction involving the sale or exchange of virtual currencies.

What this means for you

When you conduct a transaction with us, we may ask for your name, address, date of birth, and other information that will allow us to identify you, including your Social Security number. We may also ask to see your passport, driver's license, or other identifying documents.

13. Limitation of Liability

1. (A) TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW: (I) IN NO EVENT WILL COMPANY OR ANY OF THE COMPANY PARTIES BE LIABLE FOR LOSS OF PROFITS OR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR OTHER LOSS OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, WHERE RELATED TO LOSS OF REVENUE, INCOME OR PROFITS, LOSS OF USE OR DATA, OR LOSS FOR BUSINESS INTERRUPTION) ARISING OUT OF OR IN ANY WAY RELATED TO THE SALE OR USE OF HPAY OR OTHERWISE RELATED TO THESE TERMS, REGARDLESS OF THE FORM OR CAUSE OF ACTION, WHETHER BASED IN CONTRACT, TORT, OR ANY OTHER LEGAL OR EQUITABLE THEORY (EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH LOSS WERE FORESEEABLE); AND (II) IN NO EVENT WILL THE AGGREGATE LIABILITY OF COMPANY AND THE COMPANY PARTIES (JOINTLY) FOR ANY LOSS ARISING OUT OF OR RELATING TO THESE TERMS OR THE USE OF OR INABILITY TO USE HADE, EXCEED THE AMOUNT YOU PAY TO US FOR HPAY.

14. Release

To the fullest extent permitted by applicable law, you release Company and the other Company Parties from responsibility, liability, claims, demands and damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence),

arising out of or related to disputes between users and the acts or omissions of third parties. **You expressly waive any rights you may have under California Civil Code § 1542 as well as any other statute or common law principles that would otherwise limit the coverage of this release (including similar laws in other applicable jurisdictions) to include only those claims which you may know or suspect to exist in your favor at the time of agreeing to this release.**

15. Dispute Resolution; Arbitration

PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT CONTAINS ADDITIONAL PROVISIONS APPLICABLE ONLY TO INDIVIDUALS RESIDENT OR DOMICILED IN THE UNITED STATES. IF YOU ARE RESIDENT, OR DOMICILED IN THE UNITED STATES, THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US. IF YOU ARE A RESIDENT OR DOMICILED OUTSIDE THE UNITED STATES, THIS SECTION DOES NOT APPLY TO YOU AT ALL AND FORMS NO PART OF OUR AGREEMENT WITH YOU.

1. (a) ***Binding Arbitration.*** Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, “**Disputes**”) in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you and Company (i) waive your and Company’s respective rights to have any and all Disputes arising from or related to these Terms resolved in a court, and (ii) waive your and Company’s respective rights to a jury trial. Instead, you and Company will arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).
2. (b) ***No Class Arbitrations, Class Actions or Representative Actions.*** Any Dispute arising out of or related to these Terms is personal to you and Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.
3. (c) ***Federal Arbitration Act.*** These Terms affect interstate commerce and the enforceability of this Section 15 will be both substantively and procedurally governed by and construed and enforced in accordance with the Federal Arbitration Act, 9 U.S.C. § 1 et seq. (the “**FAA**”), to the maximum extent permitted by applicable law.
4. (d) ***Notice; Informal Dispute Resolution.*** Each Party will notify the other Party in writing of any Dispute within 30 days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to Company shall be sent by email

to Company at shoughton@houghtonpa.com. We may provide notice to you via email to the email address you provide in connection with Registration. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and Company cannot agree how to resolve the Dispute within 30 days after the date notice is received by the applicable Party, then either you or Company may, as appropriate and in accordance with this Section 15, commence an arbitration proceeding or, to the extent specifically provided for in Section 15(a), file a claim in court.

5. (e) Any arbitration will occur in Orlando, Florida. Arbitration will be conducted confidentially by a single arbitrator in accordance with the rules of the Judicial Arbitration and Mediation Services (“*JAMS*”), which are hereby incorporated by reference. The state and federal courts located in Orlando, Florida will have exclusive jurisdiction over any appeals and the enforcement of an arbitration award. You may also litigate a Dispute in the small claims court located in the county where you reside if the Dispute meets the requirements to be heard in small claims court.
6. (f) ***Authority of Arbitrator.*** As limited by the FAA, these Terms and the applicable JAMS rules, the arbitrator will have (i) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute, including the determination of whether a Dispute is arbitrable, and (ii) the authority to grant any remedy that would otherwise be available in court; provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a representative action, which is prohibited by these Terms. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual’s claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.
7. (g) ***Rules of JAMS.*** The rules of JAMS and additional information about JAMS are available on the [JAMS website](#). By agreeing to be bound by these Terms, you either (i) acknowledge and agree that you have read and understand the rules of JAMS, or (ii) waive your opportunity to read the rules of JAMS and any claim that the rules of JAMS are unfair or should not apply for any reason.
8. (h) ***Severability of Dispute Resolution; Arbitration.*** If any term, clause or provision of this Section 15 is held invalid or unenforceable, it will be so held to the minimum extent required by law, and all other terms, clauses and provisions of this Section 15 will remain valid and enforceable. Further, the waivers set forth in Section 15(b) are severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

16. Governing Law and Venue

These Terms will be governed by and construed and enforced in accordance with the laws of United States, without regard to conflict of law rules or principles (whether of United States or any other jurisdiction) that would cause the application of the laws of any other jurisdiction. Any

Dispute between the Parties arising out or relating to these Terms or its subject matter or formation (including non-contractual Disputes of claims) will be resolved in the courts of United States except where Section 15 applies to you because you are resident or domiciled in the United States in which case any such dispute must be resolved in accordance with Section 15.

17. Severability

If any term, clause or provision of these Terms is held unlawful, void or unenforceable, then that term, clause or provision will be severable from these Terms and will not affect the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of these Terms.

18. Disruption Event

In the event of a Disruption Event, we have the right to suspend the use of Hade Pay to purchase and use HPAY token. If we elect to suspend, we will publicly announce the suspension as soon as reasonably practicable and, prior to resuming we will announce the resumption at least four hours in advance.

19. Modification of Terms

We have the right to modify these Terms if we reasonably believe that such modifications are necessary to comply with applicable laws or regulations or to address technical or factual inaccuracies. If we make changes, we will post the amended Terms at www.hadeplatform.com and update the “Last Updated” date above. We may also provide notice to you via email to the email address you provide during Registration. The amended Terms will be effective immediately, and your continued participation or continued use or holding of HPAY you purchase with Hade Pay as applicable, shall constitute your acceptance of the modified Terms.

20. Miscellaneous

These Terms constitute the entire agreement between you and us relating to your purchase of HPAY from us. Our failure to exercise or enforce any right or provision of these Terms will not operate as a waiver of such right or provision. We will not be liable for any delay or failure to perform any obligation under these Terms where the delay or failure results from any cause beyond our reasonable control. We may assign our rights and obligations under these Terms. Purchasing HPAY from us does not create any form of partnership, joint venture or any other similar relationship between you and us. Except as otherwise provided in herein, these Terms are intended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. You agree and acknowledge that all agreements, notices, disclosures, and other communications that we provide to you, including these Terms, may be provided in electronic form.

Exhibit A

Description of Company, the HADE Platform, and HPAY

1. Overview of Company and Affiliates

Company is a limited liability incorporated in United States. Company will have primary responsibility for administering certain aspects of ongoing development related to HPAY Token Utility and the HADE Platform.

2. Overview of HADE Platform

Company has already developed a fully-functional information technology software-as-a-service platform that combines best database practices with technology such as artificial intelligence and machine learning to create investment research products. With the integration of HPAY and blockchain technology, that existing platform is being converted into a decentralized ecosystem with a broader scope of products and services (“**Platform**”). Transactions using the Platform will be conducted by smart contracts where Platform users (“**User**”) may transact HPAY and in connection with products and services and advertisements in the Platform.

3. HPAY – Token Utility

Depending on a user’s membership level, Company expects HPAY to be used in Limited and Full Service Jurisdictions for:

- Accessing premium information technology content (“**Premium Content**”),
- Allowing enterprise customers to purchase exclusive content and services (“**Enterprise**”),
- Receiving rewards for publishing content, sharing content, interacting with content, and reporting issues on the HADE Platform (“**HADE Rewards**”),
- Purchase HPAY to advertise on or convert HPAY to advertising spots (“**HADE Advertising Network**”),
- Full consumer access to our premium portal (“**MatriX**”)

For purposes of these Terms, the use of HPAY for Premium Content, Rewards, Enterprise, MatriX and Advertising Network is collectively referred to as “**Token Utility**.”

4. Additional Information Regarding Platform and Ongoing Development

Further details regarding the Platform, uses of HPAY for Token Utility, and Company’s anticipated development roadmap are described in the HPAY: A Decentralized Advertising & Information Technology Token (“**Whitepaper**”), which is available at: <https://hadeplatform.com/HPAY-whitepaper.pdf>

Although Company intends for the Platform and HPAY to function in the manner generally described above, it reserves the right to modify features, functionalities or ongoing development plans in its sole and absolute discretion. Moreover, the information provided in the Whitepaper is provided for illustrative and descriptive purposes only, does not form part of these Terms unless expressly incorporated herein, and is subject to modification by Company in its sole and absolute discretion.

Although certain financial expectations and outlooks have been provided, many factors could affect the performance of our business, and our financial outlooks may not materialize or be accurate.

5. Using Hade Pay to Purchase HPAY token

Hade Pay is licensed to Hade Technologies, and Hade Technologies is responsible for its use and the way it is presented to consumers, users, token purchasers, or anyone who sends or receives digital currency through Hade Pay.

Hade Technologies is not responsible for any lost or otherwise stolen or hacked digital currency. All individuals or entities who use Hade Pay on any Hade Technologies platform are doing so at their own risk. You understand that Hade Pay is a beta product being tested on Hade Technologies products and services, therefore using Hade Pay is at your own risk.

Exhibit B

Procedures and Specifications

1. Total Number of HADE to be Created and Sold

Company initially created a total of 1,000,000,000 HPAY but reduced its total supply to 150,000,000 and again to 75,000,000. We do reserve the option to increase or decrease the total supply

Hade Pay uses a smart contract with approximately 10,000,000 HPAY tokens that are priced in real time based on supply and demand from a collection of decentralized and centralized exchanges. HPAY token is bought from this smart contract, and the proceeds are used to buy back the same number of HPAY token in these decentralized and centralized exchanges. All buybacks are done at market price.

2. HPAY Price

The price of HPAY fluctuates based on supply and demand when purchased with Hade Pay.

4. Registration and Other Procedures for Buying HPAY in the Token Sale

To purchase HPAY token with Hade Pay, you must undergo the registration process described herein (“**Registration**”).

To begin Registration, you must access the Registration webpage at <https://hadeplatform.com>. To complete Registration, you must: (i) provide all Registration Information requested; (ii) review, agree to and comply with these Terms; and (iii) review, agree with our privacy policy.

Registration Information is currently expected to include first name, last name, entity (if applicable), date of birth, email address, physical address, Purchaser Wallet address, the amount of Ether, Bitcoin, or Litecoin you intend to use to purchase HPAY, and a copy of your official national passport or other government issued identification (depending on the amount of your purchase request). We reserve the right to request additional Registration Information, and to deny attempts to register at our sole and absolute discretion.

We will verify your email and phone number (via SMS text message) to persons who successfully complete Registration, and may provide further information relating to Hade Pay and “Know Your Customer” to you via email.

5. HPAY Purchase and Delivery

Hade Pay will accept Ether, Bitcoin, Litecoin, and USD from verified Purchaser Wallets with adequate balances belonging to persons who have completed Registration to purchase HPAY

token. The accepted currency must be sent to the HPAY Token Sale address to purchase HPAY. Sending to any other address may result in loss.

The HPAY Pay Sale address will be deployed by Company. As such, you acknowledge that title to, and risk of loss of, HPAY delivered by the Hade Pay address passes from Company to you in United States.

6. Using Hade Pay to Purchase HPAY

HPAY is purchased using Hade Pay and is not facilitated with a smart contract unlike traditional token sales. This could pose additional risks including but not limited to lost funds, unaccounted for purchases, and Hade Technologies is not responsible for any such instances. The use of Hade Pay to purchase HPAY is a trial and all contributors are participants in the trial.

Exhibit C

Certain Risks Relating to Purchase, Sale and Use of HPAY

***Important Note:** As noted elsewhere in these Terms, HPAY are not being designed or sold as currency, securities or any other form of investment product. Accordingly, none of the information presented in this **Exhibit C** is intended to form the basis for any investment decision, and no specific recommendations are intended. Company expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained in this **Exhibit C**, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.*

By purchasing, holding and using HPAY, you expressly acknowledge and assume the following risks:

1. Risk of Losing Access to HPAY Due to Loss of Private Key(s), Custodial Error or Purchaser Error

A private key, or a combination of private keys, is necessary to control and dispose of HPAY stored in your Wallet or other digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your Purchaser Wallet or other digital wallet or vault storing HPAY will result in loss of such HPAY. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of your Wallet or other digital wallet or vault service you use, may be able to misappropriate your HPAY. Any errors or malfunctions caused by or otherwise related to your Wallet or other digital wallet or vault you choose to receive and store HPAY, including your own failure to properly maintain or use such Purchaser Wallet or other digital wallet or vault, may also result in the loss of your HPAY. Additionally, your failure to follow precisely the procedures set forth in **Exhibit B** for buying and receiving HPAY may result in the loss of your HPAY.

2. Risks Associated with the Ethereum Blockchain

Because HPAY and the Platform are based on the Ethereum blockchain, any malfunction, breakdown or abandonment of the Ethereum blockchain may have a material adverse effect on the Platform or HPAY. Moreover, advances in cryptography, or technical advances such as the

development of quantum computing, could present risks to HPAY and the Platform, including the use of HPAY for Token Utility, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum blockchain.

3. Risk of Mining Attacks

As with other decentralized cryptographic tokens based on the Ethereum blockchain, HPAY are susceptible to attacks by miners in the course of validating HPAY transactions on the Ethereum blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the Platform and HPAY, including, but not limited to, accurate execution and recording of transactions involving HPAY.

4. Risk of Hacking and Security Weaknesses

Hackers or other malicious groups or organizations may attempt to interfere with the Platform or HPAY in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, there is a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the Platform, which could negatively affect the Platform and HPAY, including HPAY's use for Token Utility.

5. Risks Associated with Markets for HPAY

HPAY are intended to be used solely in connection with the Platform, and Company does not support or otherwise facilitate any secondary trading or external valuation of HPAY. This restricts the contemplated avenues for using HPAY and could therefore create illiquidity risk with respect to HPAY you hold. Even if secondary trading of HPAY is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to market-related risks. Furthermore, to the extent that third parties do ascribe an external exchange value to HPAY (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

6. Risk of Uninsured Losses

Unlike bank accounts or accounts at some other financial institutions, HPAY are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer, such as the Federal Deposit Insurance Corporation, or private insurance arranged by us, to offer recourse to you.

7. Risks Associated with Uncertain Regulations and Enforcement Actions

The regulatory status of HPAY and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Platform and HPAY. Regulatory actions could negatively impact the Platform and HPAY in various ways, including, for purposes of illustration only, through a determination that the purchase, sale, delivery or use of HPAY constitutes unlawful activity, or that registration or licensing is required for HPAY or

for some or all of the parties involved in the purchase, sale, delivery or use of HPAY. Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approvals to operate in such jurisdiction.

8. Risks Arising from Taxation

The tax characterization of HPAY is uncertain. You must seek your own tax advice in connection with purchasing HPAY, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

9. Risk of Competing Protocols

It is possible that alternative platforms could be established that utilize the same code and protocol underlying the Platform. The Platform may compete with these alternative platforms, which could negatively impact the adoption of the Platform and HPAY, including HPAY's use for Token Utility.

10. Risk of Insufficient Interest in the Platform or Distributed Applications

It is possible that the Platform will not be used by a large number of individuals, companies and other entities or that there will be limited public interest in the creation and development of distributed protocols and decentralized applications, more generally. Such a lack of use or interest could negatively impact the development of the Platform and the potential utility of HPAY, including its use for Token Utility.

11. Risks Associated with the Development of the Platform

Although the Platform will be deployed and operational at the time of the Token Sale, it is still subject to ongoing development and may undergo significant changes over time. How other participants will use the Platform is also outside of Company's control. This could create the risk that HPAY or the Platform, as further developed and used, may not meet your expectations at the time of purchasing HPAY. It is also possible that the Platform will experience malfunctions or otherwise fail to be adequately developed over time, which may negatively impact the Platform and the potential utility of HPAY, including its use for Token Utility. Finally, HPAY is marketed for its use in Hade Pay and function within HadePlatform.com. However, Hade Pay is owned by an independent partner ODP Solutions and they at any time could decide to no longer support HPAY or offer reduced fees for the token. This could drastically impact the value and usage of HPAY.

12. Risk of an Unfavorable Fluctuation of Ether and Other Currency Value

The Company team intends to use the proceeds from selling HPAY to contribute to the ongoing development of the Platform, as described further in **Exhibits A and B**. The proceeds of the Token Sale may, at Company's discretion, be converted into other cryptographic and fiat currencies. If the value of Ether or other currencies fluctuates unfavorably during or after the Token Sale, the Company team may not be able to contribute to ongoing development of the Platform in the manner that it intended.

13. Risk of Dissolution of the Company

It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of Ether (or other cryptographic and fiat currencies), decrease in HPAY's utility (including its use for Token Utility), the failure of commercial relationships, or intellectual property ownership challenges, the Company may dissolve. The dissolution of Company may still adversely impact the Platform and the utility of HPAY, given Company's role in developing the Platform and its anticipated role in contributing to the ongoing development of the Platform.

14. Risks Arising from Lack of Governance Rights in Company

Because HPAY confer no governance rights of any kind with respect to Company, all decisions involving the Company will be made by Company at its sole discretion, including, but not limited to, decisions to discontinue contributions to the Platform's ongoing development or to sell or liquidate the Company. As noted above, the consequences of those decisions could adversely impact the Platform and the utility of HPAY that you hold, including HPAY's use for Token Utility.

15. Risks Associated with New and Evolving Laws Impacting Decentralized Application Technology

The distributed ledger and decentralized application ecosystem, and by extension the Platform, may be subject to a variety of federal, state and international laws and regulations, including those with respect to financial services, consumer privacy, data protection, consumer protection, content regulation, network neutrality, cyber security, intellectual property (including copyright, patent, trademark and trade secret laws), and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. In addition, new laws or regulations affecting the Platform could be enacted, which could adversely impact the Company, the Platform and HPAY, including HPAY's use for Token Utility.

Additionally, the users and developers of the Platform may be subject to industry-specific laws and regulations or licensing requirements. If any of these parties fail to comply with any of these licensing requirements or other applicable laws or regulations, or if such laws and regulations or licensing requirements become more stringent or are otherwise expanded, it could adversely impact the Platform and HPAY, including HPAY's use for Token Utility.

16. Specific Risks Relating to Value and Function of HPAY

The launch of new features on the Platform utilizing HPAY may be delayed for reasons beyond Company's control and may ultimately prove unsuccessful. Company may discontinue features if they are not profitable, licensing requirements change, or for other reasons.

The ability to convert HPAY into other cryptocurrencies or fiat currencies will depend on the development of a trading market for the token. Company has no obligation to promote or support trading of HPAY.

No promises of future performance or value are or will be made with respect to HPAY, including no promise of inherent value, no promise of continuing payments, and no guarantee that HPAY will hold any particular value.

17. Unanticipated Risks

Cryptographic tokens such as HPAY are a new and untested technology. In addition to the risks included in this **Exhibit C**, there are other risks associated with your purchase, holding and use of HPAY, including those that the Company cannot anticipate. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in this **Exhibit C**.
